Operating in Solidarity

One of the only places in the city offering 100% free medical care to everyone who walks through our door. That's equal access.

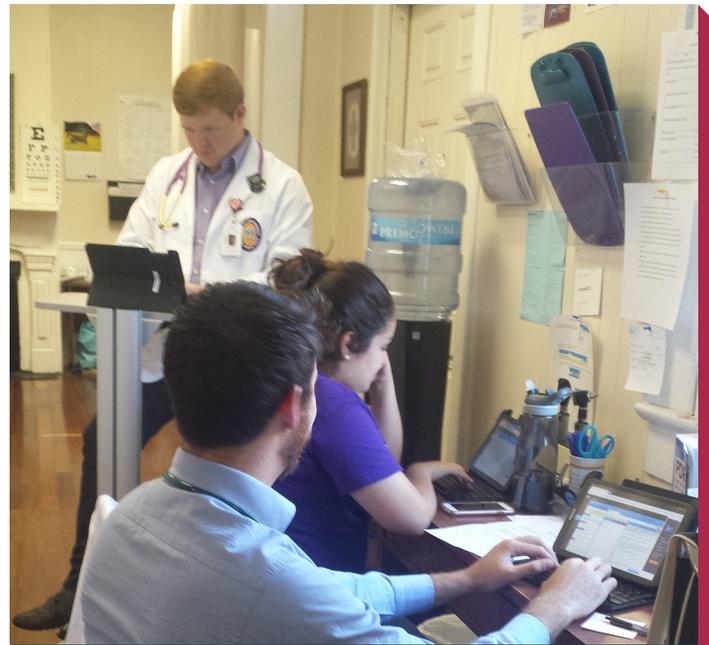

We believe healthcare is a human right, and that no one should worry about access to medical care.

Luke's House

10 Years

A Clinic for Healing & Hope

We've reached a major milestone... ten years ago a group of caring individuals gathered, and the plans for the free clinic evolved. Luke's House opened its doors on Tuesday, November 13, 2007.

A Decade of Care

As Luke's House completes its first decade this November it has much to be proud of. Patient volume exceeded 740 patients in 2016, the most of any year to date. With Medicaid expansion, the underserved population has shifted from those left homeless by the storm, to those who are not eligible for public insurance; namely, immigrants. Funding sources continue to expand, including individual donations, multiple grants, Brass Bash, Give NOLA Day, and most recently the Rayne Church Men's Club Italian Dinner. A picnic is planned to help celebrate the 10th Anniversary of the opening of Luke's House this November. Regardless of circumstance, Luke's House continues to open its doors to all those with healthcare needs. Enthusiasm, passion, and dedication still run high, as a spirit of love, acceptance, and equality permeate each clinic night!
